MOUNTAIN LAKE PARK SILVER JUBILEE ANNIVERSARY.

GOV. WARFIELD AND PARTY.

CHAUTAUQUA'S OPENING DAY

GOV. WARFIELD AMONG SPEAKERS AT MT. LAKE PARK.

Address Outlining History of the Movement—Silver Anniversary of the Association.

Special Correspondence of The Star.

MT. LAKE PARK, August 1, 1907. In the fine, pure air of this elevated crest of the Alleghenies and under most auspicious weather conditions the silver jubilee anniversary of Mountain Lake Park Association was ushered in and celebrated by a large assembly of people in the famous auditorium of the grounds. The venerable Dr. Butler of the Lutheran Memorial Church, Washington, D. C., offered the opening prayer.

Dr. Davis, dean of the summer schools and chairman of the day, then introduced Rev. Dr. C. W. Baldwin, who gave an interesting sketch of the history of this mountain chautauqua. The speaker told how a company of business men from Wheeling, W. Va., in conjunction with a company from Baltimore, had in 1882 inaugurated here a Sunday school assembly which a little later developed into a chautauqua. Eight years ago a magnificent auditorium with a seating capacity of nearly 5,000 people and costing \$8,000 was erected. This building is unique in design in that not a single obstructing pillar is used to support the vast circular roof, the spacious platform being therefore visible from every seat, and in its acoustic properties is well-nigh perfect.

The primary aim of the promoters of this enterprise, declared the speaker, was to found an institution which should be free from the objectionable, vitiating influences of many summer resorts, a place where Christian people might mingle in delightful

fellowship, with every opportunity for musical, literary and spiritual culture.

Religious Spirit Prevails.

While it is not intended that every feature of the park shall be of a religious nature, it is the design of its managers that the spirit of religion shall permeate everything that is done here. In pursuance of this design a special contract was made with the Baltimore and Ohio railroad company that no train should stop here on Sunday.

Rev. Dr. W. L. Davidson of Washington, D. C., and superintendent of the Chautauqua was the next speaker. Dr. Davidson paid tribute to Bishop Vincent, father of the chautauqua idea. More than twenty-five years ago, he said, Bishop Vincent began a work for Sunday school teachers at Chautauqua Lake, enrolling about 600 teachers the first year. Then a reading spread rapidly over the country until today the number throughout the country is 500. Iowa has seventy of these associations, this being more than the counties of the state. In many places the county fair has given way to the chautauqua assembly and the old-fashioned camp meeting has been almost displaced by the more modern institution.

Dr. Davidson, who is doubtless the best known and most efficient chautauqua manager in the country, having charge of more work of this kind than any other man, declared that perhaps 4,000,000 persons in all attend the sessions of the summer chautauquas and asserts that the modern awakening in civic virtue and the success of present day political reformers are due in large measure to the work of chautauqua platform speakers. In the past twenty-five years not less than \$300,000 has been put into the chautauqua program of Mountain Lake Park.

Other Addresses.

Mr. J. M. Davis spoke of the transformation of the Mountain Lake Park region from a grazing land a few years ago into its present charming aspect. Gov. Warfield occupied the platform and responded in a few brief words in a happy vein to the cordial greeting extended to

him. Maj. Pangborn, representing the Baltimore and Ohio railroad, made the closing speech, and emphasized especially the value of the kind of work being done in the chautauqua. The prospects for a successful season in this most charming summer resort seem at this time unusually bright. A number of Baltimore and Washington people are already on the grounds.

Evening Session.

Gov. Warfield held an informal reception in the afternoon, after which he was shown over the grounds by officers of the association. The evening exercises were held in the auditorium at 8:30, and addresses were made by Gov. Warfield and Mr. E. A. Browning of Oakland, superintendent of public schools of Garrett county. Mr. Browning spoke of the friendly feeling existing between the association and the public school system, and praised the members for the good accomplished through the chautauqua meetings. Gov. Warfield spoke entertainingly on "Slavery in Maryland As I Knew It." Gov. Warfield said his family had been large slaveowners in Maryland for many generations, and that he felt it his duty to enlighten the present generation upon conditions as they really existed. He said it was his endeavor to correct the opinion largely prevalent that all slaveowners mistreated their slaves and the little anecdotes he told of the ante-bellum days and fidelity of the slave for his master were amusing and were received with great favor.

Miss Crawford of Georgia Dead.

AUGUSTA, Ga., August 2.—A special from Harlem, Ga., tells of the death there early today of Miss Sarah J. Crawford, one of the south's richest and most prominent women. She will be buried at Harlem tomorrow.

Alleged Theft.

Angelo Turpin, nineteen years of age, was arrested this morning by Detectives Harigan and Evans and charged with the theft of \$30 from Louis Costaganni. The money, it is alleged, was taken from a pocket of the coat of the complainant while the men were working in St. Peter's Church. Turpin will be given a hearing in the Police Court tomorrow morning.

CONTESTANTS IN MISSISSIPPI SENATORIAL FIGHT.

Representative John Sharp Williams.

Gov. James K. Vardaman.

WILLIAMS THE WINNER

LATEST REPORTS GIVES HIM THE MISSISSIPPI SENATORSHIP.

MEMPHIS, Tenn., August 2.—Latest news from the Mississippi primaries of yesterday show that John Sharp Williams has carried twenty-five counties and Gov. Vardaman seven counties for the race for United States senator. The Williams campaign committee concedes eighteen counties to Vardaman. No definite figures as to the final result have yet been issued. The evening exercises were held in the auditorium at 8:30, and addresses were made by Gov. Warfield and Mr. E. A. Browning of Oakland, superintendent of public schools of Garrett county. Mr. Browning spoke of the friendly feeling existing between the association and the public school system, and praised the members for the good accomplished through the chautauqua meetings.

Visiting Knights of Columbus.

Two national directors of the Knights of Columbus were in Washington yesterday and called at the temple on E street for a brief visit before embarking on the night boat for Jamestown. They were Dr. E. W. Buckley of St. Paul, Minn., and P. L. McArdle of Chicago, Ill. Both were accompanied by their families, and it is stated, have promised to return to Washington for a visit before going home. It was stated last night that others of the national officers are expected here today and tomorrow, when, beginning Saturday night, the apostles of the great discoverer will set out on the "barks" of the Norfolk and Washington line and proceed to make original researches at the exposition.

BELFAST "BOBBIES"

CHARGE GRAVE ABUSE IN DUBLIN CASTLE SYSTEM.

BELFAST, August 2.—The parade of the disaffected members of the local police force, which was scheduled to take place today, has been postponed, if not altogether abandoned, apparently for the purpose of enabling the government to be in a position to dismiss the entire police force of the city should such drastic action become necessary. The men remain defiant and declare they will not cease agitation until they have secured a public inquiry into their alleged grievances. In an interview published in a local newspaper Constable Barrett, who was dismissed from the force for agitation, declares that among the grievances of the men is the fact that under the present "Dublin castle system" only those men who are willing to play the part of provocateurs can gain promotion. Barrett claims that the present agitation will put an end to the "abominable system of manufacturing crime."

The situation is aggravated today by the threatened renewal of the coal dockers' strike. These men recently resumed work, but today the strike leaders aver that the employers are not observing the compact made with the men. In the meanwhile the government is drafting all available policemen in Londonderry county and at Donegal to towns close to Belfast to be ready for any emergency. The famous Black Watch regiment has been transferred from the Curragh of Kildare to Dublin and is there awaiting instructions to entrain north. A detachment of the royal artillery also is being held in readiness. It pays to read the want columns of The Star. Hundreds of situations are filed through them.

GOV. JOHNSON'S ACTION

ISSUES PROCLAMATION TO THE IRON MINERS.

ST. PAUL, Minn., August 2.—Gov. John A. Johnson today issued a proclamation defining the rights of the contending parties to the iron miners' strike and warning all to preserve the peace. The proclamation, which was issued upon the recommendation of the commission which the governor sent to investigate conditions on the iron range, embodies the agreement which the commissioners made with the strikers and the officials of the steel corporation. It prohibits the marching of large bodies of strikers and forbids trespassing upon private property. The strikers are to be protected in their right peacefully to assemble in their halls, and the public roads are to be open to them in small groups. Commissioner T. D. O'Brien stated that he believed the crisis had now passed on the iron range, and that trouble which was threatened because of overzealous peace officers had been averted.

Alleged Assault.

Isiah Anderson, colored, was locked up at the tenth precinct police station this morning to answer a charge of assault and battery. It is alleged that he struck Thomas Cook, also colored, with a shovel. The latter received an ugly wound over his right eye. The trouble occurred at 14th and Spring streets, where the men were working. The wounded man declaring he was assaulted without provocation. Anderson lives at 2342 Brightwood avenue, the home of Cook being at No. 3 Liberty street.

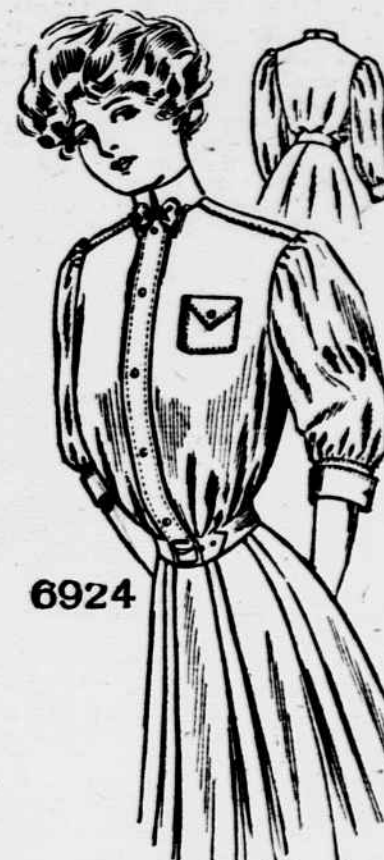

Excursion of Columbia Commandery.

An elaborate program is being arranged for the excursion of Columbia Commandery, No. 2, Knights Templar, next Tuesday at Marshall Hall. The feature of the program will be an exhibition drill by Columbia's drill team, which successfully competed at Saratoga last month at the triennial conclave and won second prize. There will be outdoor sports for the entertainment of the young folks. Dancing will also be on the program.

Wife Sues for Maintenance.

Alleging desertion, cruelty and non-support, Mrs. Annie Fitzgerald today filed in the District Supreme Court a suit for maintenance against David Fitzgerald. They were married September 1, 1884, and Mrs. Fitzgerald declares her husband left her in March, 1906. Attorney James L. Neill represents the wife.

A Smart Style for a Plain Shirt Waist.

6924

6924—An entirely plain shirt waist can embody quite as much style as the most elaborate one, the lines and finish deciding its quality. Here is shown a blouse of the simplest, yet expressive of no small degree of modishness and good taste. It is built on mannish lines, the front closing under the plait, and having long or short sleeves. A trig pocket is usually pleasing upon a shirt waist of this type, but it is especially so this year when Dame Fashion demands pockets wherever possible. Such a waist may be made in any seasonable material, being equally suitable to tub fabrics, cloth, worsteds and silks. For the medium size, three and one-half yards of material twenty-seven inches wide are needed. No. 6924—Six sizes, 32 to 42 inches bust measure. The price of this pattern is 10 cents.
